## Assurance Element 2

Students will learn perseverance when faced with challenges, adversity and failure and to creatively build and foster resilience and coping skills.

### Bus Safety

Last week we completed our bus evacuation. It was amazing to see our students helping each other. Thank you, Lisa Bensmiller, Ken Haney, Cheryl Lawrence and Anne Ferh for keeping our students as safe as possible. We are thankful for such wonderful bus drivers for our children!

### Student Shoutout

Feedback is such an important element to student achievement. Trenton Fluney used formative feedback to improve his assignment. He included all of the criteria to achieve success. Well done, Trenton!

During the reading of a book titled, *Indian Horse*, students are asked to reflect upon what they comprehend by using a colour, emoji symbol and an image, (CSI). This strategy is from a teaching resource, Making Thinking Visible.

Colour	Emoji Symbol	Image
 <p>The color black symbolizes the hurt Saul faced during the last games he played.</p> <p>The color blue symbolizes the sad emotion being laughed at by the people in the seats plus his own team.</p>	 <p>This emoji shows all the pain from the beginning Saul started hockey to now where he says he packed his bags and went back to where he started to quit and start working choosing two options: <b>mining</b> and <b>wood mill</b>.</p>	 <p>This image is symbolic of Toronto from Saul's point of view from all the racist speech he hears from the stands for example: <b>indian horse!</b></p>

## Assurance Element 6

Collaboration amongst teachers, leaders, students and their families, and other professionals enables optimal learning environments for all.
